JOURNALS

OF THE

LEGISLATIVE ASSEMBLY

Province of Saskatchewan

THIRD SESSION

SEVENTEENTH LEGISLATURE

Regina, Thursday, January 25, 1973

3:01 o'clock p.m.

This being the day appointed by Proclamation of His Honour the Lieutenant Governor, dated the twelfth day of December, 1972, for the meeting of the Third Session of the Seventeenth Legislative Assembly of the Province of Saskatchewan, and the Assembly having met:

Mr. Speaker informed the Assembly that he had received a communication from the Private Secretary to His Honour the Lieutenant Governor stating that His Honour would open the Session at three o'clock p.m. today, Thursday, the Twenty-fifth day of January, 1973.

3:04 o'clock p.m.

His Honour the Lieutenant Governor entered the Chamber and, having taken his seat upon the Throne, was pleased to open the Session with the following Speech:—

MR. SPEAKER.

MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is my privilege to welcome you to the Third Session of the Seventeenth Legislature of Saskatchewan.

The economy of the province, particularly in the agricultural sector, has continued its recovery during the past year. Higher prices for grain, coupled with stable livestock markets and strong demand dramatically improved the returns to farmers. This improvement is reflected in most other sectors of the economy.

You will be asked to approve measures at this Session which will further improve the province's family farm economy and create new opportunities in our smaller cities and towns.

THE FARM ECONOMY

To open up more opportunities for more farmers to operate successful farming ventures, my Government will introduce an Agricultural Incentives Act.

Through the use of low cost, supervised credit related to livestock and through a system of earned grants, this new program — to be called FarmStart — will make it possible for many young farmers to put together the necessary resources to become successful and independent.

You will also be asked to approve measures to strengthen the Hog Marketing Commission and to expand livestock production.

And to provide recourse for farmers who have complaints concerning the availability of machinery repair parts or warranty performance, you will be asked to approve amendments to The Agricultural Implements Act.

The Government is also acting to provide funds for a co-operative alfalfa cubing plant to be operated by farmers in the South Saskatchewan River Irrigation Project.

HOUSING

Legislation will be introduced to create a Saskatchewan Housing Corporation. This corporation will mobilize the funds and skills required to provide improved housing for low and middle-income families and to assist in developing more attractive neighbourhood facilities. Housing co-operatives will be encouraged. Directly and indirectly the new corporation is expected to provide some hundreds of new jobs.

The corporation will also administer a new program to assist senior citizens to repair and improve their homes.

INDUSTRY AND TOURISM

To further promote economic development you will be asked to approve a considerably enlarged role for the Department of Industry and Commerce. These measures include:

- more intensive research into opportunities for development;
- the building of more active export trade relations, particularly in the Pacific area;
- the provision of substantially more resources to improve and promote tourism, including a program of grants for provision of major tourist attractions;
- expansion of the department's role in assisting small business enterprises.

RESOURCE DEVELOPMENT

In addition to measures designed to improve the farm economy, increase the stock of housing and promote industry and tourism, my Government plans decisive steps in the field of resource development.

After taking office, this Government carefully examined the prevailing forest practices and management in the province and found them unsatisfactory, both environmentally and economically. Steps have already been taken to require greater care in tree harvesting and reforestation. It is now our intention to see that the tree harvest contributes more to the province's economy.

You will be asked to approve measures to ensure that each cubic foot of timber is so utilized that it yields the greatest number of jobs and the greatest return to the people of Saskatchewan. These measures will involve a greatly expanded role for Saskatchewan Forest Products, a publicly owned corporation.

My Government shares the growing concern of Canadians about the control and use of our energy resources — particularly petroleum and natural gas. You will be asked to approve legislation establishing a Crown corporation to participate in exploration for oil and gas.

NORTHERN SASKATCHEWAN

Substantial funds will be provided to prospect for hard rock minerals in Northern Saskatchewan during the coming year.

A major expansion in housing construction and in the provision of community sewer and water facilities in the North will be proposed.

My Ministers are also actively negotiating with the Federal Government to conclude a joint, large-scale economic development program for Northern Saskatchewan.

All of these programs will be of primary benefit to Saskatchewan people of Indian ancestry.

TRANSPORTATION

My Government is especially concerned with the high and increasing costs of transportation which have slowed the industrial development of Western Canada, and particularly Saskatchewan. We therefore welcome the forthcoming federal-provincial meeting which will consider freight rates and other transportation problems.

It is the intention of this Government to urge wholesale revisions in national transportation policies which have for so long worked to the disadvantage of Saskatchewan people.

To assure maximum participation of all our people in the formulation of the province's position on transport matters, my Government will invite all interested parties in the province to a Provincial Transportation Conference early in 1973.

PROPERTY TAX RELIEF

At this Session my Government will take substantial new strides in its pledge to further reduce the impact of property taxes for school purposes.

You will be asked to approve increases in individual and corporation income taxes which were announced earlier.

The increase in revenues from these taxes, which closely reflect ability to pay, will be used to increase grants to schools and to make substantial increases in Property Improvement Grant payments to homeowners, farmers and businessmen.

EDUCATION

Several important changes are planned in the field of education.

You will be asked to make major changes in The University Act.

New legislation relating to Community Colleges will be introduced.

And you will be asked to consider legislation respecting collective bargaining for teachers.

HEALTH AND SOCIAL SERVICES

The cost of hearing aids has long been a heavy burden for those requiring them. Legislation dealing with this problem will be placed before you.

In anticipation of a new program of dental care for children, you will be asked to approve an act concerning dental technologists.

To improve preventative services to families in difficulty, a new Family Services Act will be placed before you. Protection of children will be further enhanced through a new Children of Unmarried Parents Act.

You will also be asked to approve funds for a new system of grants on behalf of residents of special care homes — grants which will pay that portion of costs attributable to nursing care.

CONSUMER

In the year ahead the new Department of Consumer Affairs will expand its services by opening an office in Saskatoon to receive and investigate complaints.

A new Residential Tenancies Act will establish more equitable relationships between landlord and tenant.

The conditions under which compensation may be awarded to those suffering loss as a result of criminal injury will be widened.

ELECTIONS AND MUNICIPAL AFFAIRS

Pace-setting legislation controlling election expenses of candidates and political parties will be introduced at this Session. In addition, you will be asked to grant an extension of time for the reports of the Constituency Boundaries Commission established last year.

You will be asked to consider major changes in community planning legislation and in The Municipal Elections Act.

EMPLOYEE BENEFITS

Among amendments proposed to The Labour Standards Act are measures respecting maternity leave and stronger provisions guaranteeing equal pay for equal work.

Superannuated employees of the Government of Saskatchewan and of some of its agencies will be eligible for pension supplements under certain conditions, as will teachers.

A revised and improved Municipal Employee's Superannuation Act will also be introduced.

ENVIRONMENT

Legislation will be placed before you to amend and strengthen The Litter Control Act.

You will be asked to approve substantial funds to allow the Department of the Environment to co-ordinate environmental impact studies on possible recreation and hydro-electric development projects in Northern Saskatchewan. These studies will be completed and the public consulted before my Government makes any decision respecting construction of these projects.

COMPUTER SERVICES

You will be asked to authorize establishment of a Crown corporation with power to provide computer and data processing services to Government and Government-funded agencies.

TRAFFIC SAFETY

The Government is gravely concerned with the mounting toll of accidents on Saskatchewan's roads and highways. In addition to steps already taken by my Government, you will be asked to approve the establishment of a Special Committee of this Assembly to recommend further action to reduce accidents and improve highway safety.

LEGISLATIVE COMMITTEES

My Government is looking forward to considering the recommendations of the several Special Committees appointed at the preceding Session of the Legislative Assembly which have been holding hearings across the province during the inter-session period. Careful consideration will be given to their recommendations.

R.C.M.P. CENTENNIAL

The year which has just begun will be a memorable one for the people of Saskatchewan. All of us look forward with keen anticipation to the visit to our province of Her Majesty the Queen and His Royal Highness the Duke of Edinburgh during the first week of July. They will help us celebrate the 100th anniversary of the founding of the Royal Canadian Mounted Police.

The Royal Visit will be the culmination of a series of events which make 1973 a signal year for Saskatchewan. Not the least of these is the Silver Broom International Curling Championships which will be held in Regina in March.

My Government will be honoured to welcome the many thousands of visitors who will wish to join us in these celebrations.

I leave you now to the business of the Session with the full confidence that you will favorably discharge your duties and responsibilities.

May Divine Providence continue to bless our Province and guide this legislature in all its deliberations.

His Honour the Lieutenant Governor then retired from the Chamber.

On motion of Mr. Dyck, seconded by Mr. Lane:

Ordered, That the First Report of the Select Special Committee appointed to prepare lists of Members to compose the Select Standing Committees of this Assembly, be now concurred in.

Mr. Speaker informed the Assembly that Donald Grant McMillan, Esquire, had been appointed Clerk Assistant during the present Session.

Mr. Speaker laid before the Assembly, pursuant to Rule 105, the report of the Legislative Librarian dated January 25, 1973, which is as follows:—

REPORT OF THE LEGISLATIVE LIBRARIAN

REGINA, JANUARY 25, 1973

*To the Honourable**The Speaker of the Legislative Assembly of Saskatchewan*

Sir:

I have the honour to submit to you the Annual Report of the Legislative Library

During 1972 the Library continued its endeavour to fulfill its primary function as a government reference library for the Members of the Legislative Assembly and for government employees. As in the past, the services and resources of the Library were made available also to university students, individuals pursuing specialized research projects, to the young men and women attending the Saskatchewan Youth Parliament, and to the general public. Substantial additions were made to its holdings of government documents, reference works, law reports and texts, pamphlets, periodicals and newspapers, and of books for the general collection in the subject fields considered to be of most value and interest to its users. Because of the specialized nature of the Library and space considerations, the choice and acquisition of books and pamphlets must be selective. Accordingly as in past years the emphasis has been on Canadian public affairs, economics and history, the political and social sciences generally, and material relating to Saskatchewan.

The Premier assisted the Library in maintaining its status as a depository for Saskatchewan government documents by circulating to all government departments and agencies a memorandum reminding them of their obligation to provide to the Library six copies of all publications issued by them. Of these, two copies are kept for permanent retention in the Library's files, two copies are distributed to the Saskatchewan Archives, and one each to the National Library in Ottawa and the Library of Congress in Washington. The Legislative Library continues to serve as a depository library for Canadian federal government and U.S. Government publications (being the only full depository library in Saskatchewan for the latter), and for International Labour Office publications, and continues to receive the Australian parliamentary papers. Publications of other provinces of particular usefulness and interest to the Library's clientele are acquired by gift or purchase. The value of this material for researchers, government and academic, is obvious.

In July a gift to the people of Saskatchewan for display in the Library was presented by Mr. M. J. Coldwell, former leader of the C.C.F. party in Canada, Member of Parliament for Rosetown-Biggan constituency from 1935 to 1958, Regina alderman from 1922 to 1932, and principal of various Regina public schools from 1914 to 1934. A beautiful antique silver inkstand complete with silver candlestick and candle snuffer which was presented in 1867 to his great grandfather, James Major, this will be a prized display item for the Library in the years to come and is particularly welcome and valued because of Mr. Coldwell's long association with and contribution to our province.

A fairly significant part of the Library's budget each year is devoted to the binding of newspapers, periodicals, and reports in order both to preserve them and to make for easier storage. The Saskatchewan daily newspapers, federal government annual reports, law reports and periodicals, and some of the most important general periodicals are sent out for binding every year. Saskatchewan government annual reports and proceedings of the Canadian Parliamentary Committees are bound approximately every two or three years. A special project and the largest single expenditure in this field for 1972 was the binding of the *Canadian Patent Office Record* from 1961 to 1971. The Library's holdings of this periodical in bound volumes now cover the period 1891 to 1971.

A major purchase by the Library in 1972 of newspapers on microfilm was the *Leader-Post* for 1941 to 1949 inclusive. This completes the microfilm run of this news-

paper available for use in the Regina Office of the Saskatchewan Archives for the period 1883 to 1971, the result of co-operative buying by the two institutions. The co-operative arrangement with the Archives Board for the microfilming of Saskatchewan weekly newspapers continues. During 1972 the Library bought for its own use five years of the *Financial Post* on microfilm. Its microfilm holdings of this very useful newspaper now run from 1955 to 1970.

The following statistics show the number of items borrowed and the reference questions answered during 1972 and indicate in some degree the activities of the Library. It should be borne in mind that unrepresented here is such work as the processing of the materials received by the Library and the indexing of the Saskatchewan daily newspapers and the *Western Producer*; that the many items used on the premises and the materials from the Public Documents Centre consulted in the Saskatchewan Archives quarters on the Regina Campus are excluded; and that lending to other than Members of the Legislative Assembly and the public service is largely restricted to books, other materials being used in the Library only.

Books	3,459	Periodicals	805
Law texts, Statutes and Debates	742	Statistics Canada materials	319
Newspapers	502	Reference inquiries	3,179
Pamphlets and Maps	1,212	Interlibrary loan requests	174

The Reading Room, while bereft of its former glory as the site for government receptions, is still one of the main points of interest for visitors to the Legislative Building, whether on conducted tours or exploring on their own. The arrangements of flowers, the items of historic interest, the photographs, and the many periodicals available for reading are found worthy of and attract attention.

In concluding I wish to pay tribute to the co-operation the Legislative Library continues to receive from the Provincial Archivist and the staff of the Regina Office of the Saskatchewan Archives, especially with respect to the programme of microfilming the Saskatchewan weeklies already mentioned and the servicing of the Public Documents Centre housed in the Archives quarters on the Regina Campus. Happy relations have long existed between the staffs of the Library and Archives. And of course, I wish also to record my thanks to the small but hardworking and very conscientious staff of the Library.

Respectfully submitted,

CHRISTINE MACDONALD

Assistant Legislative Librarian.

(Sessional Paper No. 3)

Moved by the Hon. Mr. Blakeney, seconded by Mr. Stuart:

That this Assembly records with sorrow and regret the passing during the last year of a former Member of this Assembly, and expresses its grateful appreciation of the contributions he made to his community, his constituency, and to this Province:

HARRIS TURNER, who died on August 12, 1972, was a Member of this Legislature from 1917 to 1921 representing Saskatchewan soldiers in France and from 1921 to 1925 for Saskatoon City. He was born at Markdale, Ontario in 1887. He received his education at public and high schools in Orangeville, Ontario and attended the University of Toronto. He became a journalist and in 1913 he was a staff member for the Saskatoon Phoenix and later the Star and became well known as a humorist for his column called "Starbeams." In 1915, he went overseas with the First University Company and was wounded in June, 1916, losing total sight in both eyes. In 1924, he was unanimously elected house leader of the Opposition in the Saskatchewan Assembly. He served as an alderman on the Saskatoon City Council from August 30, 1929 to October 11, 1930. At various times in his life he was vice-president of the local Canadian Legion, vice-president of the Canadian Club, vice-president of Great War Veterans' Association of Saskatchewan, president of the British Columbia Institute of Journalists, president of the Saskatchewan Rotary Club, president of the Sir Arthur Pearson Club for the war blind. He was co-founder of the *Western Producer* and its two predecessors, *Turner's Weekly* and *The Progressive* but was forced to resign the editorship of the *Western Producer* in 1930 because of his health. He came from retirement to work for the C.N.I.B. in Toronto for ten years as Director of Publications until 1945. From 1931 until 1957 he wrote a humorous column in the *Western Producer* called the South East Corner.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathies with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Blakeney, seconded by Mr. Steuart:

Ordered, That the Resolution just passed, together with the transcripts of oral tributes to the memory of Mr. Turner, be communicated to the bereaved family on behalf of this Assembly by Mr. Speaker.

SPEAKER'S STATEMENT

Throughout the last few years, there has been discussion as to the proper form of a Resolution in regard to preambles. I refer all Hon. Members to *Beauchesne's Parliamentary Rules and Forms, Fourth Edition, 1958*, page 165 "A substantive motion is a self-contained proposal submitted for the approval of the House and drafted in such a way as to be capable of expressing a decision of the House." And further on page 166 "A motion should not be argumentative and in the style of a speech nor should it contain unnecessary provisions or objectionable words. Motions are usually expressed in the affirmative, even where their purpose and effect are negative." Further in *Bourinot's Rules of Order*, Revised by J. G. Dubroy, page 28, "A preamble

is objectionable in any motion or proposed resolution. When a motion is agreed to, it becomes a resolution. It is a common practice to prefix preambles to a set of resolutions, but it is at variance with correct parliamentary usage, and can be easily avoided by a careful framing of a motion." I want to emphasize to all Hon. Members that a preamble is argumentative and is not to be part of a motion. Certainly arguments can be offered during the debate on the motion but should not be part of the motion.

After very careful consideration of Resolutions Nos. 4, 5, 6, 7, 9, and 10, as they appear in the Routine Proceedings and Orders of the Day, I rule that the said Resolutions do contain preambles. Any irregularity in a Resolution renders the whole Resolution irregular. (*Beauchesne's Parliamentary Rules and Forms, Fourth Edition, 1958, page 167.*) On the other hand, by means of small amendments, the irregularities in the above mentioned Resolutions can be corrected. (See previous rulings in *Journals of the Legislative Assembly of Saskatchewan, March 5, 1952, page 125; March 17, 1970, page 97 and August 10, 1971, page 33.*)

For the above reasons, I will amend the Resolutions as follows:

Resolution (No. 4)—delete the word "supports" and substitute the words "press for."

Resolution (No. 5)—delete the words "in recognition of its concern about the disruptions to grain and livestock producers resulting from unstable feed grain prices and serious shortages of feed grains."

Resolution (No. 6)—delete the words "deploring inequitable freight rates which burden Saskatchewan industry."

Resolution (No. 7)—delete the words "recognizing its serious concern at the plight of our senior citizens."

Resolution (No. 9)—delete the words "recognizing the inherent instability in world grain prices and markets, and the disrupting effect this instability has on the remainder of agriculture and the provincial economy."

Resolution (No. 10)—delete the words "regrets to learn of" and substitute the word "opposes".

The Order of the Day being called for the following Question (No. 158), under Rule 35(2), it was ordered that the said Question stand as a Notice of Motion for Return (*Debatable*):

By Mr. Lane, for a Return (No. 183) showing:

(a) The number of accused who were released under the provisions of the Bail Reform legislation from implementation of the legislation to December 31, 1972. (b) The number of accused who were not released. (c) The number of accused who were released, refused or failed to appear for trial. (d) The number of the accused who were prosecuted for failure to appear for trial. (e) The number of convictions that were there for failure to appear for trial after being released under the provisions of the Bill Reform legislation.

PRAYERS:

According to Order, the Clerk having favorably reported on the same pursuant to Rule 11(7), the following Petitions were read and received:—

Of Regina Grey Nuns' Hospital of the City of Regina, praying for an Act to amend Chapter 114 of the Statutes of Saskatchewan, 1959.

Of David L. Rambo, William R. Goetz and Victor L. Oliver, all of the City of Regina, praying for an Act to incorporate the Canadian Theological College.

Of Parkland Baptist Schools, of the City of Prince Albert, praying for an Act to provide for exemption from taxation of certain property of the Parkland Baptist Schools, of the City of Prince Albert.

Of Northern Saskatchewan Co-operative Stock Yards Limited, of the City of Prince Albert, praying for an Act to amend Chapter 87 of the Statutes of Saskatchewan 1918-1919 as amended by Chapter 4 of the Statutes of Saskatchewan 1921-1922.

Of The Presbyterian Church Building Corporation, praying for an Act to vest in The Presbyterian Church Building Corporation certain property now held by The Corporation of the Synod of Saskatchewan of The Presbyterian Church in Canada.

The Clerk reported as follows on the Petition of Saskatchewan Co-operative Credit Society Limited of the City of Regina, presented on Wednesday:

"I beg to inform the Assembly that I have examined the Petition of the Saskatchewan Co-operative Credit Society Limited of the City of Regina pursuant to Rule 11(7) and find the same to be irregular. The said Petition prays for a charge on the public revenue and therefore violates Rule 11(9)."

SPEAKER'S RULING

Today, pursuant to Rule 11(7), the Clerk reported that the Petition of Saskatchewan Co-operative Credit Society Limited of the City of Regina was irregular in regard to Rule 11(9).

Rule 11(9) reads as follows:

"No petition can be received which prays for any expenditure, grant or charge on the public revenue, whether payable out of the Consolidated Fund or out of moneys to be provided by the Assembly."

I have carefully examined the above-mentioned Petition which seeks a provision "for provincial government guarantees of certain loans made by the company . . ." This guarantee, in my opinion, creates a charge on the public revenue. For this reason I rule that the Petition of the Saskatchewan Co-operative Credit Society Limited is out of order.

The Orders of the Day having been called, Mr. Steuart from his place in the Assembly, asked leave under Rule 17 to move a motion asking for "Priority of Debate" for the purpose of discussing a definite matter of urgent public importance and stated the subject to be:

"The jump from 5.5% to 7% in the month of January of the seasonably unadjusted unemployment rate for Saskatchewan and the failure of the provincial government to implement programs and policies to create employment in Saskatchewan."

Mr. Speaker ruled the Motion out of order on the grounds that it violated Rule 17(10)(d) "The motion must not anticipate a matter which has been previously appointed for consideration by the Assembly or with reference to which a notice of motion has been previously given and not withdrawn" and Rule 17(10)(b) "Not more than one matter can be discussed on the same motion." Mr. Speaker ruled that there were notices of motions on the Orders of the Day that cover the matter raised in the request for a Priority of Debate and that the matter covered more than one topic.

Mr. Speaker's ruling having been appealed by Mr. Steuart, Mr. Speaker put the question: "Shall the Ruling of the Chair be sustained?" — which was agreed to on the following Recorded Division:

PRAYERS:

SPEAKER'S RULING

I direct all Hon. Members' attention to Motions for Returns numbered 42 and 53 as they appear in the Orders of the Day. Both of the said Motions are seeking information regarding the Workmen's Compensation Board. *Beauchesne's Parliamentary Rules and Forms, Fourth Edition, 1958, Citation 178* states that "Questions addressed to Ministers should relate to the public affairs with which they are officially connected, to proceedings pending in Parliament, or to any matter of administration for which the Minister is responsible." The problem at this point is as to whether a Minister of the Crown is responsible for the Workmen's Compensation Board to the degree that the Minister can answer the two Motions under question.

Section 11, of The Workmen's Compensation (Accident Fund) Act, states that appointments to the Board are made by the Lieutenant Governor in Council.

Section 23 of the Act states that:

"(1) The board shall appoint an executive secretary and a chief medical officer and may appoint such auditors, actuaries, accountants, inspectors, medical referees, other officers, clerks, and servants as the board deems necessary for carrying out the provisions of this Act, and may prescribe their duties and fix their salaries.

(2) Every person so appointed shall hold office during the pleasure of the board. 1955, c.64, s.23; 1960, c.84, s.2."

The Act indicates that the Minister is responsible for the appointment of Board members and for their salaries. The Act is very clear however, in spelling out that the Board itself is independently responsible for the hiring of the staff, their conduct and their salaries. The staff of the Board is thus the responsibility of the Board alone.

Section 29 of the Act states:

"The members shall enjoy the same immunity and the same privileges as are conferred upon judges of the Court of Queen's Bench for any act done or omitted in the execution of their duties. 1955, c.64, s.29."

I refer all Hon. Members to a Speaker's Ruling which carefully examined the powers, rights and immunities of The Workmen's Compensation Board. (See Journals of Saskatchewan 1966, page 48.)

In summary, it seems clear that the Legislature can question or debate all matters which are directly related to the Board members but not to appointments made by the Board; administrative actions of the staff since the staff is responsible to the Board and not to the Minister; and any decision of the Board.

Returns Nos. 42 and 53 pertain to staff appointments and their administrative action. Since these returns are the responsibility of the Board and not of a Minister of this Assembly, I rule the said Motions for Returns out of order.

Mr. Speaker made the following statement:

Standing on the Order Paper for today, is an order for Second Reading of Bill No. 1—An Act to amend The Land Bank Act, 1972. I have examined this Bill very closely and have sought legal advice as to the full effect of the proposed Bill. The effect of Bill No. 1, if passed, would be to make provision for the sale of land held by the Land Bank Commission. The Land Bank Act, 1972, c. 60, s. 5(4) states:

"All property, whether real or personal, and all money acquired, administered, possessed or received by the commission is the property of Her Majesty in right of Saskatchewan and shall for all purposes including taxation of whatever nature and description, be deemed to be the property of Her Majesty."

Rule 30 of the Rules and Procedures of the Legislative Assembly of Saskatchewan, 1970 states:

"Any vote, resolution, address or bill introduced in the Assembly for the appropriation of any part of the public revenue, or of any tax or impost to any purpose whatsoever, or to impose any new or additional charge upon the public revenue or upon the people, or to release or compound any sum of money due to the Crown, or to grant any property of the Crown, or to authorize any loan or any charge upon the credit of the Province, shall be recommended to the Assembly by Message of His Honour the Lieutenant Governor before it is considered by the Assembly."

Under The Land Bank Act, 1972, all land held by the Commission is the property of Her Majesty. Since Bill No. 1 provides for the selling of this Crown land, it is a Money Bill and contravenes Rule No. 30. I therefore rule Bill No. 1 out of order.

Arising out of the discussion Mr. Speaker agreed to defer his ruling.

PRAYERS:

Mr. McPherson, from the Select Standing Committee on Public Accounts and Printing, presented the First Report of the said Committee which is as follows:

1. Your Committee met for organization, and appointed Mr. McPherson as its chairman, and Mr. Meakes as its Vice-Chairman.
2. Your Committee held ten meetings and examined both the Provincial Auditor's Report and the Public Accounts for the year ended March 31, 1972 with the Provincial Auditor (Mr. Lutz), two of his officers (Mr. Jacoby and Mr. Bucknall), the Comptroller (Mr. Kerr), and other officials of the Department of Finance.
3. The Committee reviewed the matter of Sinking Funds and recommends that the Provincial Auditor report to the Legislature annually as to whether individual sinking funds may be adequate or inadequate to retire the debt.
4. Your Committee discussed the matter of Federal-Provincial cost sharing agreements and notes the recommendation of the Provincial Auditor for reviewing the status of cost sharing agreements to ensure that claims are submitted at the earliest possible date. In addition, the Federal authorities should be pressed to hasten their review of these claims so that final settlement may be made as soon as possible.

The Committee recommends that there be a complete categorization of all such programmes with an indication given as to the stage of completion of the various claims. Moreover, the Committee recommends that cost sharing agreements be maintained at a status as nearly current as possible.

5. Commencing April 1, 1968 the Provincial Auditor began charging on a fee-for-service basis, for audit services provided to Crown Corporations and certain other boards, agencies and commissions. The Committee recommends that the Government provide legislative authority for the Provincial Auditor to charge such audit fees.
6. Your Committee is pleased to note that the revised consolidated Treasury Board Regulations for 1972 have been issued and wishes to commend the department for their activity in this regard; furthermore, the Committee hopes that the department will continue its work in updating the Treasury Board Regulations and recommends that the Provincial Auditor report annually to the Legislature the status of the Treasury Board Regulations.

7. Your Committee recommends developing a uniform system of records and procedures to control public property and that Treasury Board issue regulations to Government departments and agencies immediately requiring such records and setting out procedures to be followed. In this way, the Government will have an up-to-date inventory control in every department and agency.
8. In Item 10(iv) of the Provincial Auditor's Report, it was reported that an advance payment of \$12,000.00 was made without proper authority on February 3, 1972 by the Department of Industry and Commerce on account of a printing order for 250,000 "Travel Guides 1972." The Committee notes such action with strong disapproval and recommends adherence by all departments of the Government to the controls which are presently defined.
9. The Public Accounts Committee of 1971 recommended that there should be uniformity in the reporting of Trust and Deposit Accounts.

The Public Accounts Committee of 1973 notes that certain Trust or Special Funds have not been reported in Schedule G—Trust Funds, Special Funds and Suspense Accounts of Public Accounts and accordingly recommends that such funds as the Municipal Employee's Superannuation Fund (December 31, 1971) of \$10,357,503.00 be reflected in the aforementioned statement.

10. The Committee considered the suggestion that housing grants to individuals not be recorded in Public Accounts; however, your Committee feels that the purpose of Public Accounts is to report any expenditure of "public monies" and also notes that the Public Accounts Committee of 1967 recommended the reporting of "Grants" individually when they are in the amount of \$100 or more. Consequently, your Committee recommends that the present practice of reporting grants be continued. However, consideration should be given to revising the structure of the Public Accounts text.
11. Your Committee has considered the matter of sessional printing and recommends as follows:
 - (a) That 350 copies of the Journals be printed, including therewith the "Questions and Answers" as an appendix;
 - (b) That 400 copies of the Debates and Proceedings be multilithed with all convenient speed, one copy each to be supplied to Members of the Assembly; and
 - (c) That 100 copies of the Minutes and Verbatim Report of Proceedings of the Public Accounts Committee be multilithed with all convenient speed, one copy each to be supplied to Members of the Assembly.
12. Your Committee advises that copies of the Minutes and Verbatim Report of Proceedings of the Public Accounts Committee will be tabled as a Sessional Paper.

PRAYERS:

Mr. Robbins, from the Select Standing Committee on Crown Corporations, presented the First Report of the said Committee which is as follows:

Your Committee met for organization and appointed Mr. Robbins as Chairman and Mr. Baker as Vice-Chairman.

Having duly examined the Annual Reports and Financial Statements for the last completed fiscal year of the various Crown Corporations and related Agencies, as referred to it from time to time by the Assembly, your Committee has satisfied itself that they reflect the state of the Corporations and Agencies to which they severally relate, as operated in accordance with Government policy.

In conducting its examination, your Committee interrogated the responsible Ministers, who attended with the Chief Officers of the respective Corporations and Agencies, no restrictions being placed upon questions asked with the Order of Reference, save and except questions, the answers to which, in the opinion of the responsible Ministers, might disclose information contrary to the public interest or prejudicial to the commercial positions of the Corporation or Agency concerned.

Your Committee considered and agreed to the following Resolutions:

- a) That the Board of the Saskatchewan Fur Marketing Service give consideration to changing its banking from the Bank of Montreal to a credit union.
- b) That the management of the Saskatchewan Forest Products be asked to negotiate with retail lumber outlets the possibility of conveying benefits of low-priced Saskatchewan lumber to consumers.
- c) That the Board of the Saskatchewan Forest Products Corporation give consideration to changing its banking from chartered banks to credit unions.
- d) That the Saskatchewan Transportation Company consider establishing a daily morning and evening express run between Regina and Saskatoon.
- e) That the management of S.T.C. consider placing advertising directly instead of through an advertising agency whenever that is in the best interest of S.T.C.
- f) That this Committee recommend to the Government and the management of S.P.C. that no further development work at the proposed Elizabeth Falls site be carried out until:

- 1) all necessary environmental and ecological studies by government and private consultants are completed;
 - 2) public hearings are held within and without the area affected;
 - 3) all other alternative sources of power have been thoroughly considered;
 - 4) any decision to proceed is debated in the legislature.
- g) That this Committee recommend to the Saskatchewan Power Corporation that 50% of the 1972 surplus be used to reduce power and gas rates for farm and residential customers.
 - h) That the Saskatchewan Power Corporation give consideration to negotiating flat rate salary increases for its employees as opposed to percentage increases.
 - i) That the S.G.I.O. publish more detailed data in its annual reports on claims costs incurred.
 - j) That this Committee recommend that Saskatchewan Government Insurance not become involved in direct competition with private body shops in the repair of automobiles with the exception of repair work which might be involved in a single pilot research project.
 - k) That this Committee ask the S.G.I.O. to consider reverting to the old method of salvaging vehicles and that the practice of public tender be discontinued.
 - l) That this Committee recommend that the Board of S.G.I.O. give consideration to including comparative financial figures in the future as suggested by the Provincial Auditor in his report of February 14, 1973.
 - m) That this Committee recommend that the Board of Directors give consideration to the transfer of net revenue from salvage operations to the A.A.I.A. fund.
 - n) That Sask-Tel explore and co-operate with the Departments of Social Services and Public Health to receive government funds to allow handicapped people to receive special telephone services at the rate for a standard telephone.
 - o) That this Committee commend Sask-Tel for expanding telephone service into new areas under the Unserved Area Program, and that this Committee approve further improvements in the future in order to eventually give all residents of rural Saskatchewan improved telephone services.

PRAYERS:

Mr. Lane, from the Special Committee on Statutory Instruments, presented the First Report of the said Committee, which is as follows:—

Your Committee met for organization and appointed Mr. Lane as its Chairman, Mr. Meakes as its Vice Chairman, and Mr. T. C. Wakeling, Q.C., of the Law Firm of McDougall, Ready, Wakeling and Youck as Counsel to the Committee.

Your Committee has examined Saskatchewan Regulations 1/72 to 271/72, a total of 271 Regulations, thus completing its scrutiny up to December 31, 1972. Of this total, your Committee considered 24 Regulations drawn specifically to its attention by Counsel, and it sent to the authorities who made the Regulations comments on 18 of these Regulations, inviting them to submit explanatory memoranda should they see fit. Eighteen replies have been received and considered by the Committee. Your Committee does not wish at this time to draw the special attention of the Assembly to any Regulation on the grounds set out in its terms of reference.

Your Committee has also had under consideration the Order of Reference dated April 27, 1972; namely the Bylaws, Rules and Regulations and amendments thereto of various professional societies tabled as Sessional Paper No. 12 of 1972 and recommends that the said Bylaws, Rules and Regulations and amendments thereto of the following professional societies be ratified and confirmed:

Certified Public Accountants Association of Saskatchewan

The Institute of Chartered Accountants of Saskatchewan

The Society of Industrial Accountants of Saskatchewan

College of Dental Surgeons of Saskatchewan

Law Society of Saskatchewan

College of Physicians and Surgeons of Saskatchewan

Saskatchewan Registered Nurses' Association

Saskatchewan Pharmaceutical Association

Saskatchewan Land Surveyors Association

Saskatchewan Teachers Federation

Saskatchewan Veterinary Medical Association

In order to provide a clear, concise and updated set of Regulations, the Committee recommends that all Departments be urged to consolidate their Regulations by January 1, 1974. The Committee wishes to report that a letter is being sent to all Departments and Agencies advising them of the terms of reference and powers of the Committee in order to encourage uniformity and consistency of Regulations.

The Committee wishes to report that during consideration of the Bylaws of the Pharmaceutical Association, representation was made to the Committee regarding one bylaw which pertains to the code of advertising of members of the Association. The Committee considered the matter raised and felt that it was beyond the terms of reference of the Committee.

During the last Session of the Legislature, the terms of reference of the Select Special Committee on Regulations were expanded to empower the Committee to review "the adequacy of existing statutory authority for the making and publication of Statutory Instruments and on the adequacy of existing procedures for the drafting, scrutiny and operational review of such instruments and to make recommendations with respect thereto." The Committee reviewed and considered the expanded terms of reference and recommends to the Assembly, that the Committee for the coming year be reconstituted as a Select Special Committee on Regulations thus reverting to the terms of reference which existed prior to the last Session of the Legislature. The Committee recommends that further consideration be given to the establishment of a Committee with an expanded terms of reference for a review of all aspects of Statutory Instruments and delegation of powers and the review of bylaws of the professional associations at some future time.

Moved by Mr. Lane, seconded by Mr. Meakes:

That the First Report of the Special Committee on Statutory Instruments be now concurred in.

PRAYERS:

SPEAKER'S STATEMENT

On May 2, on the Orders of the Day, two questions were directed to the Chair by the Member for Milestone.

Questions of the Chair should be in writing to the Speaker, however at that time I agreed to answer his questions later.

Question No. 1 was: How can we get a recorded vote on Bill No. 124?

The only opportunity to have a recorded vote will be on third reading of the said Bill.

Question No. 2 was: What steps should Members take if they wish to speak before a vote is taken?

In all cases the Chair advises the Members before the mover closes the debate. If the mover is not closing the debate, the Chair always asks: "Is the House ready for the question?"

If a Member wishes to speak he should follow Rule No. 22 which reads, "Every Member desiring to speak is to rise in his place, uncovered, and address himself to Mr. Speaker."

This does not mean that he just rises and stands there. He must address himself to Mr. Speaker in an audible voice so that the Speaker is able to see and hear him. Members should not stand in the isles visiting with other Members. If they do, the Speaker does not know if they are trying to get the Speaker's attention or not. Members wishing to discuss with others, should go to the chairs at the back or sit on the step near the Member he is visiting.

Members speaking should be very careful not to refer to other debates or debates which took place in a committee. If this is done the Speaker is not aware of the statements and at a later time when a reply is being made to those statements it causes the House to become out of order and puts the Speaker in an impossible position if a point of order is raised.

If a further explanation is wished, I shall be pleased to discuss it with Members in my office.

The Assembly resumed the adjourned debate on the proposed motion of the Hon. Mr. Romanow: That Bill No. 110—An Act to amend The Constituency Boundaries Commission Act, 1972—be now read a second time.

The question being put, it was agreed to and the said Bill was, accordingly, read a second time, and, by leave of the Assembly, and under Rule 48, referred to a Committee of the Whole later this day.

The Assembly resumed the adjourned debate on the proposed motion of the Hon. Mr. Romanow: That Bill No. 129—An Act to amend The Attorney General's Act—be now read a second time.

The debate continuing, and the question being put, it was agreed

to and the said Bill was, accordingly, read a second time, and, by leave of the Assembly, and under Rule 48, referred to a Committee of the Whole later this day.

“An Act for granting to Her Majesty certain sums of Money for the Public Service for the Fiscal Years ending respectively the Thirty-first day of March, 1973, and the Thirty-first day of March, 1974,” to which Bill I respectfully request Your Honour’s Assent.

The Royal Assent to this Bill was announced by the Clerk.

“In Her Majesty’s name, His Honour the Lieutenant Governor doth thank the Legislative Assembly, accepts their benevolence and assents to this Bill.”

His Honour the Lieutenant Governor was then pleased to deliver the following speech.

MR. SPEAKER, MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is my duty to relieve you of further attendance at the Legislative Assembly. In doing so, I wish to thank you and congratulate you on the work you have done.

This Third Session of the Seventeenth Legislative Assembly has been the longest in the history of Saskatchewan. You have dealt with a near record number of Bills, many of them representing substantial new directions in public policy.

Among the most significant measures are those designed to open up new opportunities for young farmers and to strengthen and stabilize the livestock industry. Perhaps most important to young farmers is The Agricultural Incentives Act. Your action in strengthening The Natural Products Marketing Act will also permit livestock producers to expand their production with greater confidence in the future.

You have approved measures which will provide new direction to the development of Saskatchewan’s resources, both renewable and non-renewable.

You have created a new Crown corporation which will have power to participate in the development of the oil and gas industry in Saskatchewan.

You have enacted amendments to The Forest Act designed to improve the efficiency with which the publicly owned forest resources in Saskatchewan are utilized.

You have taken important steps to provide improved housing for low-and middle-income families and to assist senior citizens to repair and improve their homes. You have charged the Saskatchewan Housing Corporation with responsibility for developing these new programs.

You have introduced significant changes which have provided relief to property taxpayers. Increases in the Property Improvement Grant and increases in school grants will be paid in part by increases in the income tax and the corporation tax. The effect is to shift a large share of the cost of education away from the property tax and onto tax sources which reflect ability to pay.

Several Bills have been considered and passed by you in the field of education. You have moved to extend the concept of education to include life-long learning in the province’s communities through The Community Colleges Act.

You have also provided a new framework for negotiating collective bargaining agreements for teachers.

You have also taken new steps in extending health care to the young and the handicapped. You have moved to implement a program of dental care for children and to provide hearing aids at cost to those who need them.

You have provided important new protection for tenants under a new Residential Tenancies Act. You have also set new landmarks in labour standards by improving vacation and maternity leave benefits.

By the passage of a completely revised Litter Control Act, and by increasing funds allotted to the Department of the Environment, you have served notice that the people of Saskatchewan intend to preserve and improve the physical environment in this province.

I commend you for your action in extending the division system to the two largest cities in the province for a trial period.

All of you have expressed your concern about the increased toll of death and injury on our streets and highways. You have given substance to this concern by establishing a Special Committee of this Assembly to consider ways of improving traffic safety.

All of Saskatchewan will welcome your action in providing funds to assist in the celebration of the R.C.M.P. Centennial.

I thank you for the provision you have made to meet the further requirements of the Public Service and assure you that this sum of money will be used economically, prudently, and in the public interest.

In taking leave of you, I thank you for the manner in which you have devoted your energies to the activities of the Session and wish you the full blessing of Providence.

The Hon. Mr. Tchorzewski, Provincial Secretary, then said:

MR. SPEAKER, MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is the will and pleasure of His Honour the Lieutenant Governor that this Legislative Assembly be prorogued until it pleases His Honour to summon the same for the dispatch of business, and the Legislative Assembly is accordingly prorogued.

His Honour then retired from the Chamber.
